To whom it may concern,

RE: Buro Tech Consulting Engineers CC Reference Letter

Burotech has successfully completed work for me within the mining and development sectors through a number of projects over the past 4 years,

Through this time, Buro Tech has displayed exceptional professionalism and capability within the electrical engineering field. They have completed their work on-time and to a high standard, even through difficult engagements and liaison with municipal third party stakeholders.

I am pleased with Buro Tech's service and will, without hesitation, call on their services for related projects in the future,

Please do not hesitate to contact me should you wish to discuss further,

Yours sincerely
